# INSPIRATION

LINK · TRESTLE · ARCH · BOND ·  
 PLATFORM · CONNECTOR · HUMP · COUPLE · CONJOIN ·  
 NAVIGATE · VOYAGE · OVERPASS · EXTEND · "PATHWAY TO  
 TRAVERSE LARGER PATH" · CONFIGURATION · UNBREAKABLE

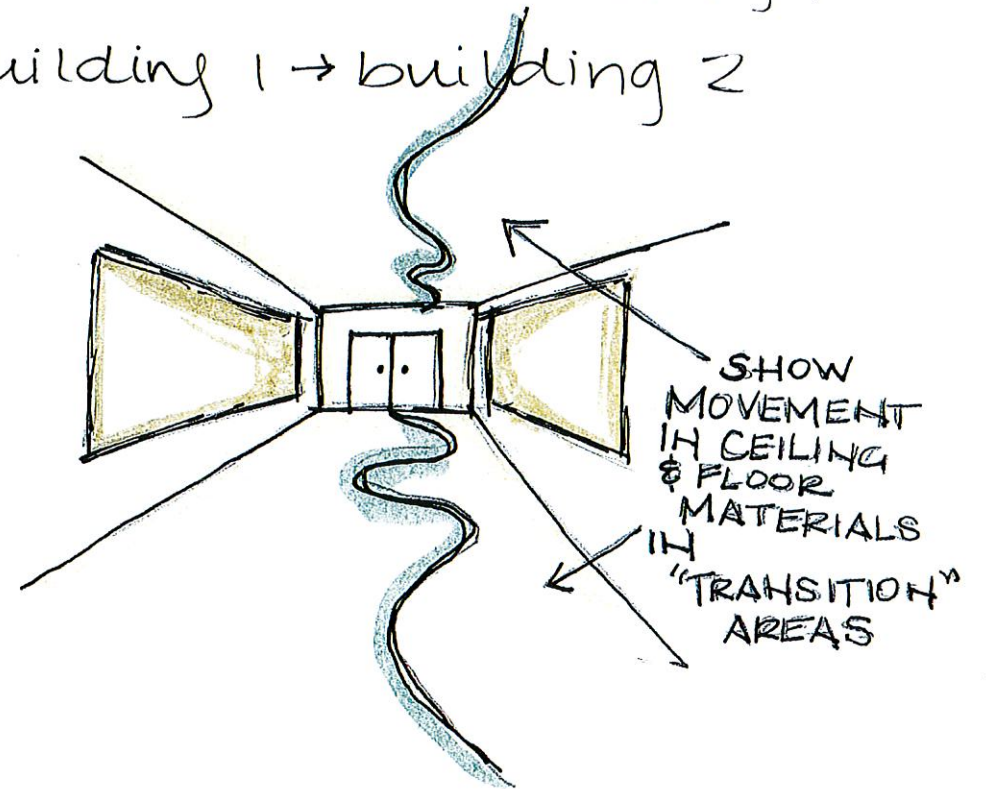

# CONCEPT

The concept is derived from the **CONNECTION** through Lakeline Station Learning Center and the abilities for a gratifying future. The inspiration of a **STREAM** effectively displays this concept. A stream is a narrow body of WATER that **FLOWS** from one point to another. This concept will **REFLECT** the resources provided in hope of a prosperous life of self-sufficiency.

While each resident is unique, L.S. will strive to **NURTURE** the residents through the uplifting **JOURNEY**. This can be seen within the design:

- Movement: entrance to exit, building 1 → building 2
- Reflection: water, floorplan
- Materials: nature, texture: glass, woods

# STREAM

# FOUNDATION COMMUNITIES

Green Building Initiatives

empowering those in need!!!

CREATING housing where Families SUCCEED in AUSTIN!

Healthier lifestyles!

OVERCOME homelessness & BECOME self-sustaining

Non-profit

~~FEELS LIKE HOME~~

Become Financially Stable!

Making DREAMS come TRUE!

Community centers with free services

Receive educational success!

Fall 2014

# CONCEPT

This concept is derived from the SUPPORT SYSTEM L.S.L.C. will provide and the STRENGTH to a better future. We used the inspiration of a bridge to effectively display this concept. The bridge is unique in a way that is the FOUNDATION b/w the temptation and dangers of the streets below, to the robust community above.

While each resident is unique, L.S. strives to reassure the OVERPASS to a larger, better future. This can be seen within the design:

- Configuration: b/w 2 buildings, the connector
- Sustainable design: low maintenance
- Mix of materials: steel, iron, concrete
- Architecture: arch, supports, skylights

# Color Schemes

1.

- Foundation Communities

- resembles hope, strength

- relates to company

- cool colors

**BLUE, GREEN, YELLOW**

- adults

TRANSPARENCY

• glass

• wood features

• living building challenge

Soft, Dull Colors OR Bright, Vibrant colors

2.

- nature, trees, outdoors

- Bridge background

- Bright, Playful, inspiring

**GREEN, YELLOW, ORANGE**

- kids

- warm colors

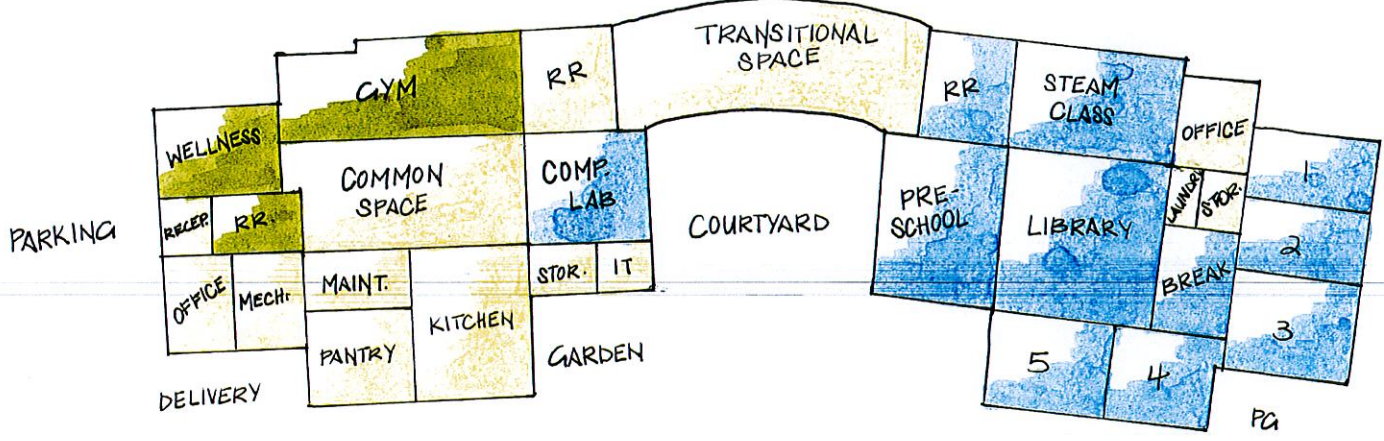

**MATERIALS:**

• REXCOURT

• low VOC

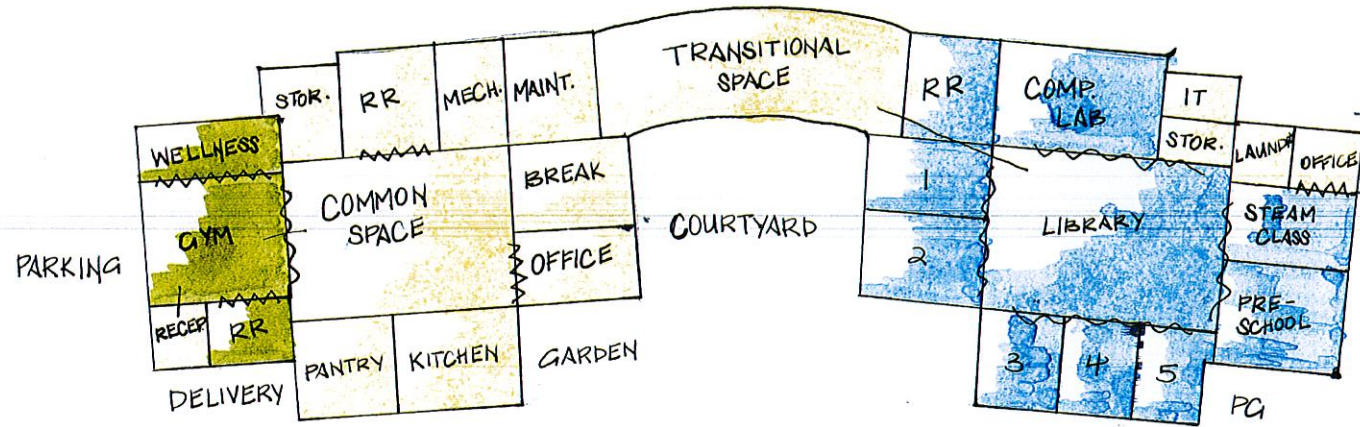

• iron, steel, concrete

ECO-FRIENDLY

LEED PLATINUM

CONCEPT B  
Features/Inspiration for the Center!

NATURE

GREEN WALL

- focal point
- plants
- entry

- good for the environment
- relates to nature where a stream/bridge are!

ROCK WALL

- rough, rugged, nature

- shapes
- fun for kids/adults
- relates to a canyon that would need a bridge to cross!  
OR a stream: could go through it!
